CLASS OF DISTRICT

School districts are classified as follows:

(1) Class I shall include any school district that maintains only elementary grades under the direction of a single school board;

(2) Class II hall include any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board;

(3) Class III shall include any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single school board;

(4) Class IV shall include any school district embracing territory having a population of one hundred thousand or more and less than two hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single school board;

(5) Class V shall include any school district embracing territory having a population of two hundred thousand or more that maintains both elementary grades and high school grades under the direction of a single school board;

(6) Class VI shall include any school district in this state that maintains only a high school.

The purpose of this publication is to provide general statistical information about various aspects of elementary and secondary education in Nebraska.

The data for this publication was collected in the fall of 1982 for the 1982-83 school year.

Enrollment information includes all students in membership on the last Friday in September, 1982.

Staff data was collected on September 1, 1982, with adjustments made through December, 1982.

Full-Time Equivalency (F.T.E.) is the indication of the time an individual spends in a position assignment as it relates to the total time in a work week for that position assignment. For example, a half-time employee would have an F.T.E. of .5. In all cases a full-time employee would have an F.T.E. of 1.00. Please note: F.T.E. is not to be interpreted as number of individuals.
